OpusCapita helps organizations sell, buy and pay more effectively by providing them with extended purchase-to-pay and order-to-cash solutions. With 600 million transactions processed annually by over 8,000 customers across more than 100 countries, we have created a global ecosystem where buyers, suppliers, banks and other parties connect, transact and grow. Together with our customers, OpusCapita is transforming sales, procurement and financial processes for the digital age. In 2015, OpusCapita’s net sales were EUR 257 million and employed 2,000 professionals.

Founded in 1984, OpusCapita is headquartered in Helsinki, Finland. To learn more, please visit www.opuscapita.com.

Want to be the Captain of your own ship? Come join a passionate team of dedicated professionals at OpusCapita, where you are offered not only a job but a chance to make a difference. In our accelerating international growth, we are looking to hire a

Consultant (f/m)
for our eProcurement Implementations Team

At OpusCapita our vision is to be the number one value provider of financial processes and software. To get another step closer to our vision, we want to hire another top-notch professional to join our eProcurement Implementations Team in Dortmund or Munich (Germany).

Our eProcurement Implementations Team is part of the BUY Professional Services Unit that is the home to our integration and application consultants, project managers and other software professionals. We work together in customer implementation projects to deliver high quality Purchase-to-Pay solutions to our customers.

ABOUT THE JOB:

We want you to join our BUY Professional Services Unit to take a key role in implementing OpusCapita eProcurement solutions for our customers. OpusCapita’s cloud-based eProcurement solutions provide a one-stop-shop procurement solution for employees to easily require goods and services from the corporate catalog. As Consultant you will be responsible for the end-to-end solution of the customer projects. You will work closely together with the project manager and participate in defining the customer project scope and solution design. You configure and define the sourcing and purchasing processes in the software and ensure high quality delivery to our customers. In addition you are also in charge of training the customers in the usage of the software. As we value team effort, you will also support and coach other consultants and team members.

As a Consultant for eProcurement your main responsibilities will include:

- Design of OpusCapita e-Procurement solutions in customer projects
- Implementation of OpusCapita e-Procurement solutions
- Configuration of interfaces to the existing customer software environment (e.g. ERP)
- Close collaboration with the project manager to help ensuring deliverables are on time and within budget
- Planning and conducting system testing and providing guidance on user acceptance testing
- Holding presentations and facilitating customer workshops in the pre-sales and the delivery phase

WHAT WE WOULD LIKE FROM YOU?

We are looking for passionate candidates, who have ambitions and also have what it takes to achieve them. You enjoy working in teams and have a proactive achiever’s mindset: you are driven to finding new ways to make an impact and bring value to customers. You are also eager to continuously increase your knowledge and skills through formal training and on-the-job learning.

In your application we will be browsing:

- Technical or commercial degree (bachelor / master) with an ability and willingness to understand and learn either part
- Work experience in either consulting, sourcing, purchasing, accounts payable or in the software industry in general
- Good understanding of business and procurement processes and ability to consult on purchase-to-pay processes
- Good understanding of process modeling and flow charts and good knowledge of e-procurement tools and of Groovy scripting are a plus
- Strong track record of delivering projects in a result-driven way, on time, in high quality and within budget
- Ability to drive conversations around configurations with customers and to consult on best practices
- Strong analytical and problem solving skills and customer oriented
- Willingness for short-term travelling to customers mainly in the D-A-CH region and to the Nordics

To succeed in this role you also need to have strong verbal and written communication skills in English and ability to work in a global organization in a virtual team environment. We are in contact with our international colleagues on a daily basis and English is our official language.

WHAT MAKES OPUSCAPITA A GREAT WORKPLACE?

Ask your 2,000 future colleagues: they say that they feel valued, that their work matters and they can actually make a difference, and that their work environment and people they work with are energetic and fun. We work across borders every day and know that together we make it. Our organization chart is flat and working hours flexible for a reason: we trust our employees to get the job done as we are all fueled by the same passion to succeed. In OpusCapita, we even love Mondays! We are dedicated in creating an atmosphere where your ideas can flourish, you can achieve your ambitions and really enjoy your work. Our ‘I love Mondays’ club spices up the days at the office with events that bring a smile to your face and welcomes you to nice leisure activities to share some relaxed times with your co-workers.

We offer:

- a truly global work arena in a substantial and agile company with 2,000 colleagues
- a social workplace with flat hierarchies in a creative industry with demanding tasks, working on state-of-the-art technologies and dealing with well-known international customers from various industries
- a friendly team of professionals, which keeps its sense of humor and heart even when things get hectic
- various development opportunities and perspectives in an innovative company
- open-mindedness, acting in a collegial way and commitment.

QUESTIONS IN MIND?

For more information, please contact Ansgar Nast-Kolb, +49 172 7364 489 / ansgar.nast-kolb@opuscapita.com during office hours.

- Please submit your online application including CV and cover letter with salary request and preferred location by 30.08.2017 at the latest.
- Please note that we may start conducting interviews and make hiring decisions as soon as the suitable candidate is found.
- We do welcome applications from women and men, regardless of their cultural and social backgrounds, age, religion, belief, disability or sexual orientation. We ensure a confidential treatment of your documents and personal data.
